

Easier. Smarter. Faster.

Speed, accuracy and efficiency are vital to seamless health plan enrollment.

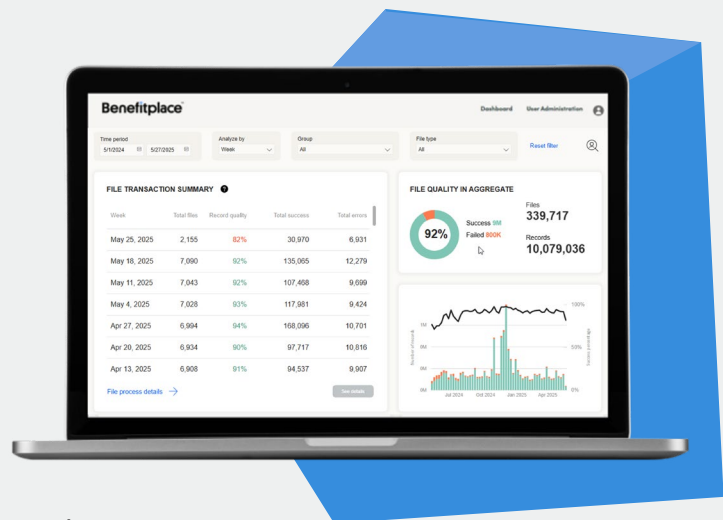

Health plans face the costly task of managing increasing volumes of data from various sources and maintaining membership systems. It can be resource-intensive and complex.

Benefitfocus® Data Management & Exchange can help simplify the process

Our comprehensive solution for third-party enrollment submissions offers continuous support and streamlines the process for brokers and groups. This can present possibilities for efficient, cost-effective, and error-free enrollment management, intended to free up resources by reducing reliance on inefficient middleware.

- ✓ Automated and Transparent Processes
- ✓ Real-Time Insights
- ✓ Scalability
- ✓ Ease for Brokers and Groups
- ✓ Cost Savings
- ✓ Full-Service Support

Optimize your data exchange for a seamless automated enrollment experience today.

Benefit from an experienced partner that provides scalable data management solutions, even during peak enrollment seasons.

Data Management & Exchange

Automated and Transparent Processes:

Eliminate manual data handling with a system that normalizes and transforms third-party data into a standard format.

Real-Time Dashboard:

Monitor enrollment statuses and quickly address any processing errors.

Scalability:

Adapt to the needs of any size group - small or large - across commercial lines.

Ease for Brokers and Groups:

No need for submitters to adjust their data or systems. Receive clean, consistent, and timely data, including eligibility data for pharmacy, health-related, and life products.

Cost Savings:

Designed so you can avoid building and maintaining intake systems or training submitters, and end reliance on inefficient middleware.

Full-Service Support:

Benefit from a dedicated team of industry veterans who provide continuous innovation, simplification, and support every step of the way.

Who We Are

Benefitfocus brings over 25 years of experience to the health plan marketplace. We're proud to offer a full workflow that allows for the optimization of health plan administration. We do this holistically and seamlessly by providing complete command in one place, making the process easier, actionable and engaging.

Benefitfocus brings it all together, by continuously innovating to support you and your customers through every step.
