

## Benefitplace™ App

We can manage most anything through our mobile devices these days. Benefits should be no exception. With the Benefitplace™ app, your employees can access and manage their benefits information anytime, anywhere.

### Benefits on the Go

The Benefitplace app helps you connect employees with the information and tools they need to get the most from their benefits - all in the palm of their hand.

#### Access

Provides easy, on-demand access to benefits, coverage details, plan documents, ID cards, account balances, claims and more.

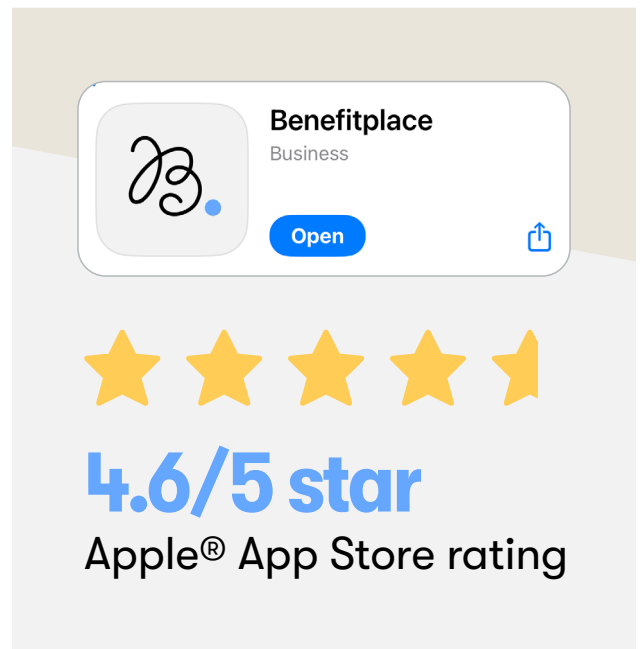

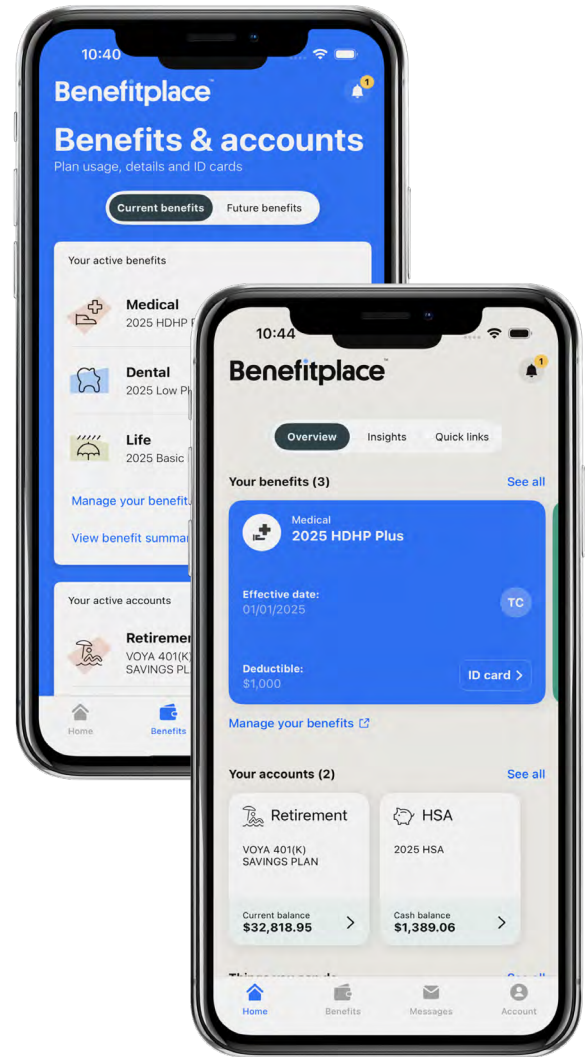

#### Education

Drives awareness and action with personalized push notifications, acknowledgeable HR notes, reminders, tips and other helpful resources.

#### Enrollment

Enables employees to complete initial and annual enrollment, make life event changes, submit required documentation and shop for benefits available year-round.

App Store® is a trademark of Apple Inc.

[www.benefitfocus.com](http://www.benefitfocus.com)

Employees can conveniently review all of their current benefits, including coverage amounts, paycheck deductions and plan documents.

Employees can view transactions, contributions and balances for their benefits-related financial accounts.

By simply snapping a photo with their mobile device, employees can store benefit ID cards and submit documents for a life event change or dependent verification.

In addition to selecting and updating benefits during official enrollment windows, employees can also use the app to shop for any benefits that are available year-round.

For customers with Health Insights, employees can access their previous 12 months of health care claims to help them better understand their usage and coverage needs.

Employees can send/receive sensitive personal information to/from your benefits team through secure messaging within the app.
